

Debbie Siegel

Deb has been an educator and coach for over thirty fun-filled years, as she teaches high school mathematics and has coached high school field hockey, basketball, and college softball. Since discovering pickleball in 2020, Deb has grown as a player through casual recreation play, watching and listening carefully, and lots of drill and practice! She has medaled in both women's doubles and mixed doubles in a number of 4.0 tournaments in Massachusetts, Florida, and Hawaii and is trying to bring her own game to the next level, as well as dabbling in full-court singles.

A certified IPTPA instructor, Deb is super excited to share her enthusiasm, skills as a seasoned teacher and coach, and growing knowledge of this addicting game we all love with folks willing to try something new in their lives or who want to bring their game up a notch or too. Let's goooo!!!
